Remarks

Better than New! Welcome to Maricopa, one of the fastest growing cities in the US. This gorgeous 3 bed, 2 bath plus an office/den home offers everything you need to live comfortably. With well thought out designs and updates, this property is truly turnkey. As you enter the home, you'll notice the grand entry that will lead to your brand-new kitchen, and you can see straight out to the newly resurfaced pool. Both bathrooms have their own spin on luxury that make you feel like you're at the spa. The family room is rather impressive with soaring vaulted ceilings. This home won't be around long. Reach out for a veiwing today!
